

PERFECT

REV. 09/2014

FORM AND CONCRETE SPRAYER

3.4 gal (12.8 L) sprayer with 2.7 gal (10.2 L) capacity

Commercial-grade sprayer perfectly designed for thin, uniform application of:

- Concrete form release agents
- Tilt-up bondbreakers
- Curing compounds
- Floor sealers
- Liquid floor hardeners
- Other construction chemicals

FEATURES

- Large-capacity, in-line 200-mesh filter between trigger and sprayer body is easy to clean and eliminates spray tip from clogging
- Heavy-duty, stainless steel tank resists corrosion
- Pressurizable up to 90 psi (6.2 bar)
- Pressurize with compressed air fill inlet or hand pump
- 5 ft (1.5 m) chemically resistant spray hose
- Spray gun trigger valve
- Swivel hose to trigger valve connector
- Back-pack style carrying strap
- Pump cover to keep debris out of tank
- Wide base prevents sprayer from falling over
